

TC ENERGY BOMA EXCELLENCE AWARDS
2020

CERTIFICATE OF EXCELLENCE GUIDEBOOK
RENOVATED BUILDINGS

Thank you to everyone at BOMA Calgary for the opportunity to take part in the 2020 Excellence Awards. At TC Energy we value the relationship we have built with the BOMA community and look forward to growing our connections over the coming years.

The BOMA Excellence Awards inspire members to achieve superior levels of accomplishment as well as celebrate the successes of industry leaders. Similarly, as one of the province's leading electricity suppliers, TC Energy continually strives for higher levels of achievement. Our western power group has built a reputation for providing Alberta industry and businesses with competitive prices, unparalleled market knowledge, straightforward contracting and tailored customer service.

We wish you the best on your award submission.

INTRODUCTION

The BOMA Calgary Certificate of Excellence (COE) and The Outstanding Building of the Year (TOBY®) Awards is the most prestigious and comprehensive program of its kind in the commercial real estate industry recognizing quality in commercial real estate buildings and rewarding excellence in building management.

During the competition, all facets of a building's operations are thoroughly evaluated. Entries are judged on everything from community involvement to environmental and sustainability management. All entries will be subject to the online document review process, however only applications meeting the minimum requirement of 70% will proceed onto the judges site visit process.

Certification is based on meeting a minimum score (70%). Using the BOMA International TOBY requirements, entrants must meet standards in building management, operation and design, tenant relations and community impact, energy management and conservation, environmental, regulatory and sustainability initiatives, and the training of building personnel. Every building submitted for certification is subject to a building inspection. Certification must be renewed every 3 years to ensure that the standard of excellence is maintained and is valid for a 3-year term as long as the property owner or management firm does not change.

TOBY® winners are recognized in specific categories of building size or type. Judging is based on building standards, community impact, tenant relations, energy conservation, environmental, regulatory and sustainability and waste, emergency preparedness and the training of building personnel.

The BOMA Calgary COE and TOBY® winners will be presented at the TransCanada BOMA Excellence Awards Gala held May 22nd, 2020 at The Hudson Calgary. Visit www.boma.ca for full event details and registration.

Winners at the local level will receive an invitation to enter into the BOMA Canada National Awards (to be presented in **September 2020**) along with a registration form, directly from BOMA Canada. Once qualified, national applicants are provided access to the BOMA International's online awards portal where they can upload their entries. The online system is also used for judging at the national level.

ELIGIBILITY

- The building must be owned or managed by a BOMA Calgary member in good standing that is directly responsible or accountable for the property being entered. Specifically, all membership fees, and any other debt, must be paid prior to entry.
- Entrants must also be BOMA International members in order to be eligible.
- All portfolios must have undergone a building inspection and scored at least 70% to be eligible to compete. Each entrant must upload the completed and signed TOBY Building Inspection Verification form to be eligible to compete.
- The building must be occupied for at least one full year from the date of occupancy of the first tenant by January 31st, 2019 with a minimum of 12 months of building operations.
- TOBY® winners in each category are eligible to enter into the BOMA Canada National Awards.
- At least 50% of a building's space must be used as office space to be considered.
- All buildings must be at least 50% occupied.
- There is no limit to the number of buildings an owner or management firm may enter.

- Each building may enter in only one category.
- An entrant may choose whether to enter multiple buildings as a single entry or as multiple entries only if the buildings are owned by the same company, managed by the same company and the buildings are managed as a single entity and not within a suburban office park. All entries must disclose whether their entry is a single building or multiple buildings under the Building Standards section.
- Building must be **BOMA BEST® Certified**. Omission of the BOMA BEST® certificate will automatically disqualify an entry. Each entrant must provide a copy of the certification received in the current year that shows the level of certification during the current year.
- Applicants are required to submit entry information and relevant supporting documentation.
- Each building may only enter into only one category.
- The building may not have won in the same category during the last 5 years (i.e. Buildings that win in 2019 are not eligible to compete until 2024 and awarded in 2025).

Note: If you have any questions about your eligibility or the awards process, please contact Jay Islam at Jay.Islam@boma.ca.

DEADLINES AND ENTRY FEES

Applicants are asked to submit an online registration form (i.e. intent to enter) to BOMA Calgary by **4 p.m. on January 31st, 2020**. Once registration has been received by the BOMA Office, the application will then have access to the online portal.

(Full submission due by 4 p.m. February 28th, 2020).

A local fee of **\$675.00 (plus GST)** per building is payable at time of registration.

All TOBY entrants must also be BOMA International members to participate. A BOMA International Membership Fee of **\$125.00 (plus GST)** will be collected by BOMA Calgary on behalf of BOMA International prior to gaining access to the awards portal.

A **\$50.00 USD** data-submission fee collected for each building added to the online system. Buildings may be added regardless of whether they have won at the local level or not. Adding a building does not enter that building in the National or International competitions.

RENOVATED BUILDING CATEGORY

All Building(s) must be at least 15 years old, have maintained a minimum of 50% occupancy (physical occupancy) during the renovation process for all building(s) and 3 or more projects must be completed in each building when submitting multiple buildings. If entry is a single building, a minimum of 5 projects are necessary. Renovation can encompass: (1) Rehabilitation (the restoration of a property to satisfactory condition without changing the plan, form, or style of a structure); (2) Modernization (taking corrective measures to bring a property into conformity with changes in style, whether exterior or interior. It requires replacing parts of the structure or mechanical equipment with modern replacements of the same kind but not including capital additions); and (3) Remodeling (changing the plan, form or style of a structure to correct functional or economic deficiencies). In order to be eligible, a minimum of five of the following work projects must be completed by January 2018 and the building must enter the TOBY program within 5 years following substantial completion of the last renovation projects to be eligible for this category.

1. New roof, re-roof or green roof
2. New boilers/HVAC /Central Plant
3. Cleaning/Painting/New design of existing building envelope
4. New electrical system: HVAC, Lighting, mechanical room upgrades/updates, etc.
5. New fire panel/sprinkler system
6. Modernization of elevators which can include mechanicals, ADA compliance and interior cabs refurbishment
7. New security systems can include card access, cameras, console, fire panel etc.
8. Renovation of main lobby that includes 3 or more of the following items: floors, walls, entry doors, signage, security desk etc.
9. Renovation of restrooms that includes 4 or more of the following items: sinks, counter tops, toilet, urinals, floors, walls, lighting, faucets, flushometers, stale partitions etc.
10. Installation of new windows

BUILDING INSPECTION

Building inspections must take place at the local level of competition to ensure the entry meets the eligibility requirements and is registered in the correct category. A minimum score of 70% must be earned to be eligible to compete for a TOBY.

The following items will be inspected during the building inspection:

1. Entrance/Mail Lobby
2. Security/Life Safety
3. Management Office
4. Elevators
5. Multi-Tenant Corridors
6. Restrooms
7. Stairwells
8. Typical Tenant Suite (if applicable)
9. Central Plant/Engineering Office
10. Equipment Rooms/Service Areas
11. Parking facilities (only if Owner/Agent Operated)
12. Landscaping/Grounds
13. Refuse Removal and Loading Docks
14. Roof
15. Tenant Amenities

A member of the judging team will contact the property manager in advance to book a mutually agreeable date and time for a site visit. Judges should be taken to a boardroom or office where they will spend a minimum of a 1 hour examining all of the mandatory documents.

Following the review, the judges should be taken on a tour of the building. (Tour guide must be very familiar with the submission and all building areas and systems and prepared to answer onsite questions from the judges. Note: Property Management team should be on site during inspections). Please allow a between 2.5 - 3.5 hours to complete the building inspection process.

MANDATORY DOCUMENTS

The following documentation is mandatory where applicable and should be made available. On-line versions are acceptable but must be available at time of inspection at the property being inspected. Ease of navigation is essential to ensure that judges can easily and readily review:

1. Evidence of Evacuation Drills conducted within past 12 months. NOTE: Drills can be silent if applicable.
2. Preventative Maintenance Manual
3. SOP Manual/Documentation of Standard Operating Procedures
4. Regular Financial Reports/Accounting Software Used
5. Purchase Policies (Basic Principles)

Entrant should receive TOBY Building Inspection Verification form by their local BOMA or affiliated International affiliate organization.

SUBMISSION GUIDELINES

Certification

Certification must be renewed every three years to ensure that the standard of excellence is maintained.

Entrants are advised that standards may be revised or enhanced in subsequent years, therefore re-certification should not be assumed. Certification is valid for a three-year term as long as the property management firm does not change. **Note:** Any building receiving a local award at the time of certification is eligible for re-certification every three years.

New Management

Where a building/facility has been certified in the past, or is expected to be entered for certification, a submission will only be considered following a minimum of one year under new management.

Building Under Renovation/Rehabilitation

A building/facility will not be considered under the Certificate of Excellence Program if it is undergoing extensive renovations or rehabilitation (e.g. curtain wall replacement). A building/facility undergoing minor renovations and/or ongoing common area improvement programs is eligible; however, entrants are advised that cleanliness/safety measurers/tenant communication programs, etc., of areas undergoing construction will be considered by the judges.

Building Presentation-& Mandatory Document Review

A mandatory building presentation and document review will be scheduled for your building shortly after the submission deadline. A member of the Judging Team will contact the Property Manager in advance to book a mutually agreeable date and time for a site visit.

The applicant will have a maximum of 3.5 hours to showcase the building and mandatory documents to the judges during the scheduled visit.

The Judging Team will require:

- Meeting Space (boardroom or office will suffice)
- Full set of mandatory documents either available online for review prior to the judges' arrival or available at time of the visit.

- Building Presentation
 - Tour guide must be very familiar with building systems and areas.

Note: While not mandatory entrants in past awards have provided a slideshow presentation to the judges outlining information about the property. This has proven to be helpful for both the entrants and the judges in identifying key elements in the scoring guide and getting a better understanding of the building/property.

Submission Format

Applications will be submitted **online** by visiting the BOMA Calgary website at www.boma.ca/awards

Formal submissions will be made on BOMA International's TOBY Web site at toby.boma.org.
Mandatory documents can be submitted online once you are granted access.

GLOBAL PORTFOLIO REQUIREMENTS

Photograph Requirements

- File Type: Hi Resolution JPEG compressed
- Maximum File Size: 2mb
- Do not use photograph collages. (Only single images)

Supporting Document Requirements

- File Type: PDF, DOC, DOCX, RTF, TXT
- Maximum File Size: 5mb

Descriptive/Summary Text Requirements

- Maximum word count is specified for each section

NOTE:

- Descriptive/summary text must be entered in the text box provided and may not be submitted as an uploaded file.
- Identify what an acronym represents at least once in each document.
- Text within required supporting documents does not count against character limits.

RECOMMENDATION:

Text should be created in Word, or other similar program, and then copied and pasted into the text box. Please spell check prior to pasting into the text box. Also confirm that the copied text can be fully viewed on-line. If not, reduce the characters to fit the requirements.

SPECIAL NOTES:

Each section is limited to a specified amount of words. All entrants are encouraged to save and review their entries before submitting to ensure that all text/content is captured in the entry.

Shaded boxes throughout this document contain useful notes and information that may assist you in preparation for a local judges' visit or for completion on your online entry. It is a resource only and is not exhaustive.

TABLE OF CONTENTS

- A. Building Description - 1 Point
- B. Building Standards - 3 Points
- C. Competition Photographs - 1 Point
- D. Awards Ceremony Photograph - 0 Points
- E. Community Impact - 15 Points
- F. Tenant Relations/Communications - 15 Points
- G. Energy Conservation - 20 Points
- H. Environmental Regulatory, Sustainability and Waste - 15 Points
- I. Emergency Preparedness/Life Safety - 15 Points
- J. Training for Building Personnel - 15 Points
- K. Judges Scoring Summary

BUILDING DESCRIPTION (1 POINT, MAXIMUM 350 WORDS, NO ATTACHMENTS ALLOWED)

Provide a summary of the physical description of the building(s), property and location.

BUILDING STANDARDS (3 POINTS, MAXIMUM 2,000 WORDS, TOTAL OF 5 ATTACHMENTS REQUIRED)

The Building(s) Standards should be designed to provide the reader with an overview of the building(s) and property since the judging at the regional and international levels does not include a physical inspection of the building(s) and property.

The Building(s) Standards section must start with a summary explaining the renovation work completed. It must include a description of each project, the date of completion of each project and which of the three renovation types were utilized (rehabilitation, modernization and/or remodeling).

Provide the building's essential information. This should include: the building name or names (if multiple buildings are being entered as a single entry), number of floors, floor plate square footage, total building square footage, retail area square footage, office area square footage, any other area square footage (if applicable), exterior building description (type of façade, windows, roof etc.), and the year the building was constructed or opened.

Describe the following details about the building(s):

1. Certifications and/or awards that have been achieved that are not related to ENERGY STAR®, BOMA BEST, or BREEAM
2. Ceiling height, weight loads, truck/rail access, bay areas, design flexibility, and other building standards that will help the judges review your entry
3. Occupancy during time of renovations

Along with the information above, provide the following required attachments.

1. Floor plan for your building showing two typical floor plans (Attachment #1)
2. Site plan or an aerial photograph. Aerial photograph should show the building(s) and property/boundary lines. (Attachment #2)
3. Documentation of BOMA floor measurement standard-type used in section of lease where the BOMA floor measurement standard is referenced, or other documentation, such as a sample lease document or calculations referencing the BOMA industrial standard. If not using BOMA standard, please list which standard is being used. (Attachment #3)
4. Copy of any certifications and/or awards that have been achieved that are not related to ENERGY STAR®, BOMA BEST, or BREEAM (Attachment #4)
5. Include TOBY inspection Verification (Attachment #5)

Please combine multiple documents into a single attachment if necessary, this could include floor plans.

COMPETITION PHOTOGRAPHS (1 POINT, NO TEXT REQUIRED FOR THIS SECTION)

Total of 10 photographs required displaying building features “before and after” rehabilitation, modernization and/or remodeling. There must be one “before” photo for every “after” photo of the exact same location.

Up to 12 photographs are allowed.

AWARDS CEREMONY PHOTOGRAPHS (0 POINTS, NO TEXT REQUIRED FOR THIS SECTION, 2 ATTACHMENTS REQUIRED)

In addition to the competition photos, all regional and international entries must submit one high resolution (minimum 300 dpi, 1,500 pixels wide or larger) 11" x 14" color JPEG (JPG) of the building's exterior for display at the awards ceremonies. Also, a photograph of the management team responsible for daily management of the building(s) is required (minimum 300dpi, 750 pixels wide or larger).

COMMUNITY IMPACT (15 POINTS, MAXIMUM 1,800 WORDS, UP TO 3 ATTACHMENTS ALLOWED)

Provide a written description of the building management's impact on the community. For example: jobs provided (as a direct result of the building's existence), amenities to the community or the corporate environment (parks, blood drives, special events, etc.), tax impact (provide special assessments for roads, sewers, etc.), recognition awards, letters and roads and other transportation improvements.

If the impact can be quantified as additional income for the community or charitable event or has some type of savings associated with the impact, please describe. When describing the current year's events, please note programs and how long they have been in place.

Describe how the building management's efforts in this area have helped make the property a benefit to the local community. Only include corporate donations/activities if entrant can describe how the onsite management team personally participated or how it affected the property.

As an option, applicants may also describe the building's compatibility with neighbouring properties and how the building affects traffic.

NOTE:

- This section should not be confused with Tenant Relations. Please indicate services that relate to the community and not to the tenants. Entrants may also include a maximum of three attachments reflecting the events being described such as posters, flyers, newsletters and charity acknowledgement letters.
- No JPEGs will be accepted.

Summer students employed, co-op student placements, seasonal hires.

Community involvement and enrichment (Local BIA, Schools, Charities, Donation Drive (toy, clothing, food), Animal Protection, Donation of space (vacant area, courtyards, lobbies) for community/city events, buskers, arts & crafts, farmers markets.

Community Impact Judging Guidelines

Below is a list of examples of items that applicants may choose to provide for judges to review and evaluate as part of their building tour for each submission. It is important to note that some items listed are already part of the mandatory documents list and some are supplementary examples used to showcase and highlight particular areas of the submission.

- Jobs Created/Community Involvement

- Local Community Outreach

- Amenities to the Community

- Recognition

Comments:

TENANT RELATIONS / COMMUNICATIONS (15 POINTS, MAXIMUM 1,800 WORDS, TOTAL OF 11 ATTACHMENTS REQUIRED)

- Provide a summary of the Tenant Relations efforts and/or programs sponsored by building management within the last 12 months.
- Describe the building’s work management system for responding to tenant maintenance issues, as well as any ongoing programs for informing tenants of building operation problems.
- Describe tenant amenities available such as health facilities, childcare and food service.
- Indicate if tenant satisfaction surveys were conducted including the frequency and the date the last survey was last completed and the results.
- Provide an explanation of the major findings and the actions management took to share results, alleviate concerns and/or problems, and/or ensure that acceptable and “popular” procedures and activities were maintained.

Attach the following:

1. 3 samples of tenant/public appreciation letters
2. 2 newsletters
3. 1 copy of tenant/occupant survey
4. 1 tenant communications piece from the property management team
5. 3 photographs reflecting the events being described
6. Table of contents from the tenant manual. Do not include the entire manual or photograph collages. (Only single images)

Tenant Relations / Communications Judging Guideline

Below is a list of examples of items that applicants may choose to provide for judges to review and evaluate as part of their building tour for each submission. It is important to note that some items listed are already part of the mandatory documents list and some are supplementary examples used to showcase and highlight particular areas of the submission.

- Tenant Relations (Internal Policies, e.g. move in/move out, conflict resolution, customer service)
- Tenant Survey Results
- Tenant Survey Action Plan (within past year)
- Tenant Retention Strategy (ongoing relationship building with tenant contact)
- Tenant Services (appreciation events, communications)
- Directory/Lobby Signage
- Building Amenities (*ex: parking, daycare, health facilities, first aid, food services, concierge, meeting facilities, transit access, bike facilities, ATM machines*)

Comments:

ENERGY CONSERVATION (TOTAL OF 20 POINTS, MAXIMUM 1,750 WORDS, 1 ATTACHMENT REQUIRED)

Canadian Entrants must obtain a BOMA BEST® certification. Each Entrant must complete the following: (1) provide a copy of the certification received in the current year that shows the level of certification.

- BOMA BEST® Certified: 3 points
- BOMA BEST® Bronze: 4 points
- BOMA BEST® Silver: 5 points
- BOMA BEST® Gold/Platinum: 6 points

Building Staff/Tenant Education - 4 Points

Describe any programs in place to educate building operations staff, property managers, engineers, leasing agents, and other personnel such as tenants about the importance of and methods for energy conservation. This may include encouraging or requiring participation in the BOMA Energy Efficiency Program, ENERGY STAR® training sessions, BOMA BEST Practices, pursuing industry certification and professional development programs.

Building Operations and Maintenance - 5 Points

Describe your building maintenance procedures and how they contribute to energy conservation. This should include the following as well as any additional procedures followed:

- Preventative maintenance programs
- System documentation
- Equipment and system performance monitoring
- Sensor and control calibration

Goals/targets in place for reducing energy consumption; enrollment in incentive/rebates programs; energy efficient projects in place or intent to commit within 12 months; energy efficient programs onsite (green team, green roof, tenant engagement); tenant awareness/ incentive/education and participation; building ops and maintenance procedures; practices contributing to site energy efficiency; tracking/ benchmarking.

Provide a description of the steps taken to improve the energy performance of your building over the last three years.

Building EMS Monitoring - 5 Points

Energy Management System (EMS) is often underutilized in commercial buildings. When fully engaged, they are powerful tools for improving the performance of HVAC and lighting systems and conserving energy. Describe the EMS in place in your building and the degree to which you use it to reduce the building's energy consumption. Provide measurable results demonstrating reduction in energy and improved performance.

Energy Conservation Judging Guideline

Below is a list of examples of items that applicants may choose to provide for judges to review and evaluate as part of their building tour for each submission. It is important to note that some items listed are already part of the mandatory documents list and some are supplementary examples used to showcase and highlight particular areas of the submission.

- Company goals/targets in place for reducing energy consumption (utility procurement - aligned with “green” supplier)

- Energy efficient projects in place or intent to commit within 12 months (*ex: BAS, solar panels, plug and lighting audits, lighting retrofits, power factor correction, thermal storage, deep lake cooling, VFD, energy efficient roofing, chiller refrigerant change-out and heat reclaim, high efficiency equipment, re-commissioning*) - 1 point for each project up to 3 points

- Tenant Awareness, Education and Participation Programs

- Building Staff Education

- Building Operations and Maintenance Procedures

- Energy Management System/Monitoring

- Tracking/Benchmarking of utility consumption and comparison year over year, showing results /savings

- Equipment Maintenance Logs (Preventative Maintenance Schedules and Completion Logs)

- Reduction of Environmental Footprint

- Cradle-to-Grave Programs

- Green Cleaning, Green Purchasing, Green Landscaping

Comments:

ENVIRONMENTAL, REGULATORY, SUSTAINABILITY and WASTE (TOTAL OF 15 POINTS, MAXIMUM 2,250 WORDS, UP TO 5 ATTACHMENTS ALLOWED, 1 REQUIRED)

Describe a minimum of 7 programs of which at least 3 should be related to Environmental and Regulatory and at least 3 related to Sustainability and then describe your waste management plan.

Environmental & Regulatory - 5 points

- Describe the policies and procedures in place at the building. This may include accessibility for disabled tenants and visitors, indoor air quality management and testing, storage tank management, generator testing and management, hazardous waste management, asbestos management, emergency clean up, blood borne pathogen program, pandemic preparedness and tenant environmental management and compliance.
- Provide documentation of buildings waste management plan, recycling policies and building's exterior maintenance plan, including re-caulking, window washing, pressure washing, etc., green programs and/or any other environmental management programs.
- Please include any additional environmental and regulatory policies and procedures not mentioned above that are being followed.

Environmental Management Plan/ Manual; Elevator/ Escalator/ Moving Walks, Freight, Lift Maintenance logs; Waste Audit Reports; Waste Reduction Work Plan posted; Roof Anchor Plan & Inspection; CFC reporting; Air Emissions; TSSA Compliance; Work plans in place to meet new regulations; Health & Safety procedures (staff, contractors); (hot work permits, spill control procedures lockout-tagout, roof waivers, contractor management program, safe work permit program); record keeping, equipment (chemical storage, protective gear; safety shower, eyewash station); GHS (Globally Harmonize System) compliance; MSDS (housekeeping & maintenance); Employment & Human Rights Law (Bill 168 work plan); Accessibility Action Work Plan (Wheelchair (entryways, washroom, elevators, light switches), Visually Impaired (Braille elevator buttons, directories, signs suite numbers and names, floor indicators (voice or tone), concierge service.

Sustainability - 5 Points

- Describe the policies and procedures in place at the building. This may include storm water management, green friendly landscape management, integrated pest control management, green cleaning, green purchasing policy, exterior building maintenance management plan, waste management and recycling, lamp disposal, water reduction and management and traffic reduction initiatives.
- Please include any additional sustainable policies and procedures not mentioned above that are being followed.
- When describing these policies and procedures explain if they are mandated by local, state and/or federal compliance or other. If these programs are not mandated, explain the purpose for implementing.

Reduction of environmental footprint; sustainability included in owners documentation, leases, construction manuals, construction services; building recycling plan list of recycling services made available (toners, cartridges, cell phones, batteries, e-waste, organic waste), reuse of building materials; cradle to grave programs; tenant engagement initiative on sustainability.

Waste - 5 points

- Describe your building's waste reduction work plan and source separation program.
- Where applicable include:
 - Collection of organic wastepaper, metal cans, glass, plastic containers and cardboard
 - Facilities diversion rate
 - Educational training for occupants, custodians and general public
 - Organizational statement for continuous improvement in reduction and diversion of waste streams

- Address the prevention, diversion, and management of solid waste generated as a result of day-to-day activities and infrequent events
- **Attach a PDF copy of your latest waste audit**
- Future plans to increase recycling levels and reduce the waste generated

Attach the following:

1. Documentation of waste management plan - TOC or other
2. Other documentation of recycling policies, exterior maintenance plan, etc. (optional)
3. Sustainable Policies - TOC or other (optional)
4. Other

Environmental, Regulatory, Sustainability and Waste Judging Guideline

Below is a list of examples of items that applicants may choose to provide for judges to review and evaluate as part of their building tour for each submission. It is important to note that some items listed are already part of the mandatory documents list and some are supplementary examples used to showcase and highlight particular areas of the submission.

- Environmental Management Plan/Manual
- Environmental Incentives (evidence of management encouragement through correspondence)
- Tenant Compliance
- Asbestos Management Plan (if applicable)
- IAQ Programs/Air Emissions
- Waste Reduction Plan
- Health and Safety Plan
- Procedures (Staff & Contractor) *(if applicable)*:
 - hot work permits
 - spill control procedures /spill containment kit
 - lockout/tag out
 - roof waivers
- EH&S Committee (Record Keeping, Display Board with postings)
- Equipment *(if applicable)*:
 - chemical storage
 - protective gear
 - safety shower
 - eyewash station
- WHMIS Compliance
- TDG Training and compliance
- Roof Top Management Plan & Inspection
- CFC Reporting
- Fall Protection Plan
- Hazard Control Plan

Comments:

EMERGENCY PREPAREDNESS/LIFE SAFETY (15 POINTS, MAXIMUM 1,800 WORDS, 4 ATTACHMENTS REQUIRED)

- Describe the procedures and programs for life safety, fire, disaster and security standards.
- Describe training for property management and tenants as well as recovery procedures. If you work with local first responders and conduct live training, explain how this is accomplished.
- Provide a summary about your business continuity plan and if drills are conducted how they are documented and communicated.
- Describe how fire and evacuation drills are conducted, how often and when.
- Include a table of contents of your emergency preparedness and security standards manual(s).
- Include AED policy or equivalent, written security procedures (TOC) copy of ADA plan and reference of access control and surveillance systems in the building.

Emergency Preparedness Plan; (Fire, Disaster, Pandemic, etc.); Evacuation Procedures, Tenant and Staff Training Drills; Emergency Systems, Maintenance, Procedures, Training, Testing, Recording/log Books, Fire/Emergency procedures; Annual Fire & Safety Systems Certificate; Monthly Fire Safety inspection sign off; Emergency After Hour Tenant Contact Procedures; Business Continuity Plan; Emergency Equipment; (AED, Oxygen, SCBA, first aid/trauma kits); Communications Equipment (2 way radios, PA systems, paging, emergency notification system).

Emergency Preparedness/Life Safety Judging Guideline

Below is a list of examples of items that applicants may choose to provide for judges to review and evaluate as part of their building tour for each submission. It is important to note that some items listed are already part of the mandatory documents list and some are supplementary examples used to showcase and highlight particular areas of the submission.

- Evacuation Procedures
- Evacuation Training and Drills for Tenant and Staff
- Emergency Systems Maintenance
- Emergency Systems Procedures
- Emergency Systems Training
- Emergency Systems Records/Logbooks
- Business Continuity Plan / Pandemic Plan
- Emergency Equipment (AED, Oxygen, SCBA, first aid/trauma kits)
- Communications Equipment (2-way radios, PA systems, paging, emergency notification system)
- Emergency Generator
- Key Control Policies/Procedures
- Security Systems (CCTV/Access Control/Duress)
- Staffing (proof of training and licenses)
- Access Control System
- After Hours Access Control Plan

Comments:

TRAINING FOR BUILDING PERSONNEL (15 POINTS, MAXIMUM 1,800 WORDS, 1 ATTACHMENT REQUIRED)

- Provide a list of qualifications for building staff. Please do not provide job descriptions in this section.
- **Attach a building specific organization chart of the building management team, including any industry certifications, degrees or industry training.**
- Describe the following: on-going training programs for building personnel including seminars, in-house training and continuing education completed as well as designations, training for both on-site and off-site building personnel dedicated to the property, participation in professional organizations and team building and how this is managed for all personnel. Detail prior year and current year training plus future plans.
- Indicate if any member of the management team has participated in at least one BOMA-sponsored (local, regional or international) event or international affiliate sponsored event within the last 12 months.

Internal training, seminars, courses, webinars, internal website as a resource, skill upgrading opportunities for employees; Internal Property Management Policy & Procedures and templates available to staff as a resource; Non-technical or customer service-related training such as people skills, conflict resolution; training requirements by job function or role. Are any site staff currently working towards designations, degrees, certifications, applicable to their roles; Employee Assistance Program; Goals & Objective Program; staff performance reviews, feedback and communication; employee retention efforts, staff / team building events, mentoring, succession planning, employee recognition program; Industry/internal Awards & Recognition received by team, site or employee.

SUMMARY OF JUDGES' SCORING

A minimum of 70 points must be earned to be certified.

Judges to verify the following:

Building Description	0-1	_____
Building Standards	0-3	_____
Competition Photographs	0-1	_____
Community Impact	0-15	_____
Tenant Relations/Communications	0-15	_____
Energy Conservation	0-20	_____
Environmental Regulatory, Sustainability & Waste	0-15	_____
Emergency Preparedness/Life Safety	0-15	_____
Training for Building Personnel	0-15	_____
TOTAL	0-100	_____
