

# BOMA CALGARY - EOC UPDATE

## APRIL 2, 2020

### SYSTEM-WIDE CLOSURE FOR THE +15 SYSTEM

The Calgary Emergency Management Agency (CEMA) and the City of Calgary announced that as of **this afternoon's closure (April 2, 2020) at 6:00PM the entire +15 system will be closed until further notice** due to concerns around COVID-19. This follows the City of Calgary amending hours for +15 bridges and closures on weekends as a direct response to member feedback.

If your building is connected to the +15 Network, please provide signage notifying the general public that the network will be closed. Please post the sign linked below at each end of the bridge and at the at-grade entrance to your building and ensure doors at each end of the bridge are shut and secured. Please visit the [City of Calgary's website](#) for further information.

## CANADA POST DELIVERIES FOR CLOSED BUILDINGS

Canada Post has made changes some to their services in order to cope with COVID-19.

Please note that if your Canada Post delivery person can't access your building or knows your location is temporarily closed, they will not attempt delivery but instead hold mail or parcels for your building.

Canada Post will re-attempt delivery once their 15 day hold period is over. Organizations that want to sign up for longer term holds can do so through their website [here](#). This service is being offered **for free for anyone that signs up before April 13, 2020** and may be extended. For those that receive a high volume of mail and parcels please call 1-877-683-5895 to make change or alternate delivery arrangements.
