“driving our sustainability platform”

BOMA membership has been beneficial at all times but never more than during the pandemic or the 2013 floods. BOMA BEST is one of the main tools we use for driving our sustainability platform.

Growth & development, networking with contractors, and keeping apprised on new technologies & best practices, to name a few. Having BOMA to represent our industry to key decision makers is invaluable.

new technologies & best practices”

BOMA enriches my life through relevant speakers, industry-leading education, and engaging networking. I couldn't have imagined going through the pandemic without the insights and regular updates. BOMA is essential!
