

**BOMA CALGARY EXCELLENCE AWARDS
2023**

**THE OUTSTANDING BUILDING OF THE YEAR (TOBY®)
GUIDEBOOK
RETAIL CATEGORIES**

INTRODUCTION

The BOMA Calgary Certificate of Excellence (COE) and The Outstanding Building of the Year (TOBY®) Awards is the most prestigious and comprehensive program of its kind in the commercial real estate industry recognizing quality in commercial real estate buildings and rewarding excellence in building management.

During the competition, all facets of a building's operations are thoroughly evaluated. Entries are judged on everything from community involvement to environmental and sustainability management. All entries will be subject to the online document review process, however only applications meeting the minimum requirement of 70% will proceed onto the judges site visit process.

Certification is based on meeting a minimum score (70%). Using the BOMA International TOBY requirements, entrants must meet standards in building management, operation and design, tenant relations and community impact, energy management and conservation, environmental, regulatory and sustainability initiatives, and the training of building personnel. Every building submitted for certification is subject to a building inspection. Certification must be renewed every 3 years to ensure that the standard of excellence is maintained and is valid for a 3-year term as long as the property owner or management firm does not change.

TOBY® winners are recognized in specific categories of building size or type. Judging is based on building standards, community impact, tenant relations, energy conservation, environmental, regulatory and sustainability and waste, emergency preparedness and the training of building personnel.

The BOMA Calgary COE and TOBY® winners will be presented at the BOMA Calgary Excellence Awards Gala. Visit www.boma.ca for full event details and registration.

Winners at the local level will receive an invitation to enter into the BOMA Canada National Awards along with a registration form, directly from BOMA Canada. Once qualified, national applicants are provided access to the BOMA International's online awards portal where they can upload their entries. The online system is also used for judging at the national level for most categories.

NOTE: BOMA Calgary will not be using the awards portal for this cycle. Submissions are to be completed via a submission link and Judges will enter their score through a separate portal.
